Professional: Remote Pair-Programming, Teamwork, Mentoring

EXPERIENCE

FREELANCE   Remote
Full Stack Web Developer,   August 2020 – Present

 — "BudgetApp" a mobile web application where you can manage your budget: you have a list of transactions associated with a category, so that you can see how much money you spent and on what.".
Live demo
- Built with: RubyOnRails

— The Recipe app keeps track of all your recipes, ingredients, and inventory. It will allow you to save ingredients, keep track of what you have, create recipes, and generate a shopping list based on what you have and what you are missing from a recipe. Also, since sharing recipes is an important part of cooking the app should allow you to make them public so anyone can access them
Live demo
- Built with: Ruby on Rails and Postgresql

-- Covid-App This application displays Covid-19 information from different data sources
Live demo

MICROVERSE   Remote
Mentor (Volunteer)   May 2021 – Present
- Mentored junior web developers, provided technical support through code reviews.
- Proposed improvements to code organization to improve code quality and overall performance.
- Provided advice and tips on how to maintain motivation to maintain longevity in the program.

MICROVERSE
TSE / Code Reviewer   Remote
                                                                                                July - 2021- Present

 Completing reviews for students from all over the world who are currently working on projects in HTML & CSS, JavaScript, ReactJS, Ruby, and Ruby on Rails.

EDUCATION

MICROVERSE   May 2021 – January 2022

Remote Full Stack Web Development Program, Full Time
- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair-programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

KIGALI INDEPENDENT UNIVERSITY
Bachelor Degree in Telecommunications and Electronics Engineering   October 2018 – October 2021
- Worked on IoT Projects and Simple websites design.
